

Brentwood School

September 8, 2020

Dear Parent/Guardian,

We have been notified by Alberta Health Services (AHS) that a case of COVID-19 has been diagnosed in an individual working for Southland Transportation.

Alberta Health Services (AHS) has identified through their investigation that no students were identified as close contacts so there should be no increased risk of COVID-19 from this exposure. Healthlink staff will contact any parents/guardians as necessary to highlight the importance of self-monitoring and provide information for those who wish to access testing.

Southland Transportation has removed the bus from use for enhanced cleaning. For more information on the steps Southland is taking in response to COVID-19, please visit our [website](#).

We remind parents/guardians of students, as well as any staff/visitors/volunteers to monitor for any signs or symptoms of COVID-19. The Alberta Health daily checklist can be found [here](#). Please remember to complete the checklist each day prior to attending school.

If you/your child has any of the symptoms of illness listed on the Alberta Health daily checklist, please fill out the online [Alberta Health Services COVID-19 self-assessment](#) or call Health Link at 811 and stay home/keep your child at home.

We will continue to provide additional information to parents / guardians as it is available.

Sincerely,

Tim Michayluk
Principal
